NARRATIVE DESCRIPTION

The Hudson River Museum is a multi-disciplinary cultural complex that draws its identity from its site on the banks of the Hudson River. The museum's facilities include Westchester County's only public planetarium, galleries that showcase items from the permanent collection and changing exhibitions in the fields of art, history, and science, the historic home Glenview, the environmental teaching gallery Hudson Riverama, and the Joyce Greene Education Center. The museum engages in the presentation of exhibitions, teaching initiatives, research, collection, preservation, and conservation. In addition, the Museum offers a full complement of public programs for all of its audiences, from students and teachers, to families, individuals, and seniors. The Museum supports its communities and provides a museum window on the world at large.
